CONTEXT

- INTRODUCTION
- TYPES OF CHAIRS

Whether you are at home or the office or anywhere outdoor, wherever you go, you will find chairs around. We tend to forget how integral chairs are in our lives, especially if you want to talk about perfecting your Home Decor!

Even though there are chairs everywhere, very few of us know that there are different types and styles of chairs. Let us look at 12 different chairs for every type of Decor!

ROUND CHAIRS

- As the name suggests, these chairs have a round dorsal end, which is generally made up of artificial materials. The upper part of the chair is made of fabric attached to the frame. These chairs are mainly used in the Living area and are picked for their stylish, moody, and contemporary interior style.

RECLINER CHAIRS

- The recliner is one of the rather popular types of living room chairs. It is known for providing the ultimate level of comfort. These chairs are meant for relaxation. These chairs are generally available in leather or fabric. The latest versions of recliners are electronically operated and have additional benefits such as massagers, cup holders. Recliners can add a rustic decor vibe if paired with the right kind of furniture.

PLASTIC ARM CHAIRS

- These are the most diverse and versatile chairs for both indoor and outdoor usages. These plastic chairs are found in a wide range of colors and textures. The earliest armchair trends began with fabric ones that gradually shifted to wooden and metal. The latest and the most modern innovation in this area are plastic armchairs with ventilation. These will add a hint of luxury to your living space.

BAR STOOL

- A bar or kitchen stool can add a stylish zing to your dining space. These are a “must-have” if you have a countertop kitchen area for Dine and Wine. Adding a few stools to your kitchen counter can make your dining area look more trendy, modern, and stylish. Fancy and aesthetically pleasing Plastic stools can be added to your space for a casual yet modern decor.
